High in the mountain range of the Sierra Bernia, we have a 30,000m² plot, with a finca, and plans to construct a new build from the materials available on the land. The land is vast with views of the Sierra mountain range and to the sea of Calpe, Moraira and on to Ibiza. This finca, plot and build, is an exciting investment prospect for those looking for the quieter way of life, in an idyllic setting. There are several country restaurants nearby and the Spanish towns of Benissa and Jalón, with all your amenities are approximately 20 minutes drive. Dream home awaits.
